Dear David & Marcus,

### To Whom It May Concern

Meyer Shircore Architects were appointed as the Building Designer and Contract Administrator for Viden WA Pty Ltd when completing the multi-storey office project at Lot 60 Oxford Close, Leederville.

The project was placed out to competitive tender and subsequently awarded to Building Solutions (Aust.) Pty Ltd and today the project is well on its way to completion next month.

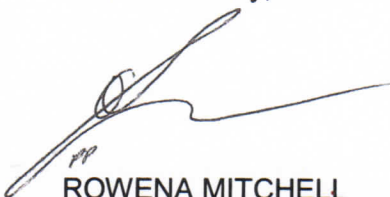

Our experience to date with Building Solutions is that this site is well organized, safety has been a prime consideration, the project is at the stage required on the programme and most importantly the quality of workmanship is of the high standard we expect of our Builders.

On a personal level, communication lines have always been open and courteous, management has been diligent and proactive in offering solutions to unexpected problems and this has enabled the project to proceed without undue delays or hassle.

Due to our recent experience with Building Solutions (Aust.) Pty Ltd we have now included them on our Preferred Builder Tender list for specific projects in value up to \$6,000,000.00.

We are confident this project will be completed successfully and will look to participate with you in future contracts. As the opportunity arises we would recommend Building Solutions based on your performance on this site.

Yours sincerely,

**ROWENA MITCHELL**  
**MEYER SHIRCORE AND ASSOCIATES**
