Building Solutions  
299 Fitzgerald Street  
North Perth WA 6006

**ATTENTION: Mr M Kotsoglo**

Dear Marcus

**RE: Construction Work for ALS**

The relationship between ALS and Building Solutions probably stretches back three years now and I realise that not all undertakings have been on a large scale. Nonetheless all construction and fit-out works have greatly assisted and enabled ALS to continue to grow the business. I would like to take this opportunity to thank you and the team for all the effort involved in meeting our requirements, sometimes at short notice and often involving fiddly aspects not necessarily considered mainstream construction.

I feel that I should also let you know about the very favourable comments I have received from several ALS staff in regard to the subcontractors that you use. Whilst the workmanship is good, it has been the pleasantness, tidiness and willingness to accommodate changes that has been most appreciated. This is certainly the case with Dimi, Nick, Brendan, Anthony (Spike) and Mitch to name but a few.

I would also like to take this opportunity to express my gratitude to Dimi for taking time to assist Karen with the challenging redevelopment of the environmental site. This was very much appreciated by both Karen and me.

In closing, I have no hesitation in recommending Building Solutions to other parties and I would like to wish you, David and the company continuing success.

Yours sincerely  
ALS Laboratory Group
